POSC 20093 Scope and Methods of Political Science Michael Strausz

course time: Monday and Wednesday, 11:00am-11:50am classroom: Reed 202 lab times: Wednesdays, 1:00pm-1:50pm; Fridays 11:00am-11:50am and 1:00pm-1:50pm lab room: Scharbauer 4022 e-mail: michael.strausz@tcu.edu office hours: Mondays. 1:30pm-2:30pm, Fridays, 2:00pm-4:00pm, or by appointment office: Scharbauer 2007F

Spring 2017

Course Description and Objectives: This course has two aims. First, it is my goal for you to become better consumers of the work of professional political scientists. You will learn skills including how to evaluate the measurement of concepts, interpret statistical tables, and think critically about both qualitative and quantitative research designs. In short, you will learn to evaluate the strength of factual claims about politics. Second, it is my goal for you to learn to use the tools of empirical inquiry to become producers of your own political science research. You will learn to ask good questions, assemble competing explanations, gather data to test those explanations, analyze those data, and draw conclusions. Both of these sets of skills-becoming better consumers and producers of political science research-will help you in your other courses, and they will help you in life beyond college as well.

This is not a statistics class; it is a class about how political scientists do research. Because political scientists often use statistics in their research, we will pay a lot of attention to statistics, but we will also discuss qualitative research techniques, and we will spend time thinking about things like measurement, case selection, and research design, which are important for both quantitative and qualitative research.

Expectations:

- 1. Assigned readings: Prepare for each class by carefully reading the assigned materials, and bring the day's assigned reading to class with you. Bring your textbook to class and your textbook and workbook to lab.
- 2. Attendance Policy: Come to class on time, and stay for the duration. If you miss a class where graded work was submitted, you will receive a grade of zero on that work unless the absence was an Official University Absence or unless the absence was due to properly documented illnesses or properly documented personal/family emergencies. If you arrive more than five minutes late to a lab, leave a lab early, or miss a lab for reasons other than an Official University Absence, properly documented illnesses or properly documented personal/family emergency, you will not be permitted to submit that labwork, and you will receive a lab grade of zero for the week.
- 3. *Technology Policy:* Students wishing to use computers, tablets, or smartphones to take notes in class are requested to use those devices *only* for class related purposes. I know how tempting it can be to use an electronic device for Instagram, Facebook, Twitter, Pinterest, Ravelry (the knitting social networking site), games, and other fun distractions, but if I catch a student doing so, that student will no longer be permitted to bring his or her electronic

device to class. Remember that your primary responsibility at TCU is to learn. If you don't trust yourself to avoid online distractions, I encourage you to take notes with pen (or pencil!) and paper. Students wishing to make audio or video recordings of classes are required to come to my office hours to discuss acceptable use of those records and to sign a contract indicating that you will use those recordings responsibly. In the absence of written permission, you are not permitted to make audio or video recordings of classes.

- 4. i>clicker: You are required to purchase an "i>clicker 2" remote for in-class participation. An i>clicker is a device that allows you to respond to questions I pose during class. In order to receive credit for your responses, you will need to register your i>clicker remote online by Monday, January 30 at 11am. You must have come to class at least once and voted on at least one question in order to complete this registration properly. Once you have voted on a question in class, go to https://www1.iclicker.com/register-clicker/. Complete the fields with your first name, last name, TCU student ID (from your TCU ID card), and remote ID. The remote ID is the series of numbers and sometimes letters found on the bottom of the back of your i>clicker remote. i>clickers will be used most days in class, and you are responsible for bringing your remote daily.
- 5. *Extra Credit*: If I decide to establish an extra credit opportunity, the specifics will be announced in class or emailed out to all students enrolled in the class. So, come to class, check your TCU email, and don't expect to have an individualized extra credit assignment created for you.
- 6. *E-mail Policy*: Course-related communications will be sent to your TCU email account. Thus, check your TCU email regularly. "I did not see the email that you sent me" is not an acceptable excuse for failing to complete required course tasks. Also, feel free to email me questions, comments, or suggestions. In general (i.e. unless there are extraordinary circumstances), I will respond to student emails within 24 hours.
- 7. *Deadlines:* Deadlines for assignments are strictly enforced. Unless otherwise noted, an assignment submitted after the deadline will lose 10 points (out of 100) if it is submitted within 24 hours after the deadline, 20 points (out of 100) if it is submitted between 24 and 48 hours after the deadline, 30 points (out of 100) if it is submitted between 48 and 72 hours after the deadline, etc. So, for example, if a lab deadline is 10am on Monday and you submit your lab at 11am, you will automatically lose 10 points. Once grades have been officially submitted for the course, late assignments will no longer be accepted.
- 8. *Makeup Exams:* Makeup exams are not permitted unless you missed the exam due to an Official University Absence, a properly documented illness, or a properly documented personal/family emergency. "I overslept" is no an acceptable reason to make up an exam.
- 9. Student Disability Services: Texas Christian University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 regarding students with disabilities. Eligible students seeking accommodations should contact the Coordinator of Student Disabilities Services in the Center for Academic Services located in Sadler Hall, 11. Accommodations are not retroactive, therefore, students should contact the Coordinator as soon as possible in the term for which they are seeking accommodations. Further information can be obtained from the Center for Academic Services, TCU Box 297710, Fort Worth, TX 76129, or at (817) 257-7486.
- 10. *Academic Misconduct:* (See Sec. 3.4 from the Student Handbook): Any act that violates the academic integrity of the institution is considered academic misconduct. The procedures used to resolve suspected acts of academic misconduct are available in the offices of Academic

Deans and the Office of Campus Life and are listed in detail in the Undergraduate Catalog. Specific examples include, but are not limited to:

- <u>Cheating</u>: Copying from another student's test paper, laboratory report, other report, or computer files and listings; using, during any academic exercise, material and/or devices not authorized by the person in charge of the test; collaborating with or seeking aid from another student during a test or laboratory without permission; knowingly using, buying, selling, stealing, transporting, or soliciting in its entirety or in part, the contents of a test or other assignment unauthorized for release; substituting for another student or permitting another student to substitute for oneself.
- <u>Plagiarism</u>: The appropriation, theft, purchase or obtaining by any means another's work, and the unacknowledged submission or incorporation of that work as one's own offered for credit. Appropriation includes the quoting or paraphrasing of another's work without giving credit therefore.
- <u>Collusion</u>: The unauthorized collaboration with another in preparing work offered for credit.

Grading: Grades in this course will be determined as follows:

Lab Assignments: 25% (there will be 10, so each is worth 2.5% of your final grade) First Exam (**February 20**): 15% Second Exam (**April 3**): 15% Comprehensive Final Exam (**Wednesday, May 10, 11:30am-2:00pm**): 30% i>clicker participation: 10% Homework: 5%

Grades are determined on a 100-point scale as follows:

A: 93.5 and above	B: 82.5-86.4	C: 72.5-76.4	D: 62.5-66.4
A-: 89.5-93.4	B-: 79.5-82.4	C-: 69.5-72.4	D-: 59.5-62.4
B+: 86.5-89.4	C+: 76.5-79.4	D+: 66.5-69.4	F: 59.4 and below

If you feel that you have been graded unfairly, please wait 24 hours after the exam/assignment is returned and then contact me with a typed statement about why you believe you were graded unfairly. This statement must provide substantive reasons why you believe that you were graded unfairly. The appeal process must be initiated one week after the exam/assignment was returned.

Labs: This class includes a lab that meets ten times. At each lab you will be given an assignment that will be due before the beginning of the next lab (unless otherwise noted). You are expected to bring your workbook to lab. If you miss a lab, arrive more than five minutes late to a lab, or leave early from a lab for reasons other than an Official University Absences, properly documented illness, or properly documented personal/family emergency, you will receive a grade of zero on the lab work that was assigned on that day.

Exams: This class includes three exams. No extra time will be granted for students that arrive at the exams late, and makeup exams are not permitted except in the case of Official University Absences, properly documented illnesses, or properly documented personal/family emergencies.

If you need to request a makeup exam for one of these reasons, please contact me as soon as possible, and no later than 48 hours after the exam.

i>clicker participation: During most lectures I will ask a few questions which you will be required to answer using your i>clicker. It is your responsibility to purchase an i>clicker 2, register your i>clicker, and have enough battery power to use your i>clicker in class (it might be useful to keep backup batteries with your course materials). For each class where I ask i>clicker questions, you will receive a grade based on how many questions you answer. For the most part, you will receive full credit just for answering the questions, but occasionally you may get more points for getting the right answer (this will be noted on the question). I will drop your lowest grade, and average the rest of these i>clicker class grades together.

Homework: I will occasionally assign short exercises to complete at home or in class. The grades that you earn on these will be averaged together into your homework grade. Late labs will be accepted (with penalty) but <u>late homework assignments will not be accepted</u>, except in the case of Official University Absences, properly documented illnesses, or properly documented personal/family emergencies.

Office Hours: I encourage students to take advantage of my office hours in order to ask questions about the course materials or to chat about issues related to the course or political science more generally. If you cannot make it to my regularly scheduled office hours, please feel free to email me to make an appointment. You are not required to make an appointment to come to my regularly scheduled office hours; feel free to just drop by.

Course Materials: The following books are required. They are available at the TCU bookstore, but feel free to buy copies at other bookstores or online.

Pollock, Philip H. 2016. *The Essentials of Political Analysis*. <u>5th edition</u> Pollock, Philip H. 2016. *An IBM SPSS Companion to Political Analysis*. <u>5th edition</u> An i>clicker 2 (Please be sure that you get an i>clicker 2, rather than an i>clicker +)

Schedule:

18-Jan *Welcome* No assigned reading

18 & 20-Jan LAB CANCELLED

- 23-Jan *What is political science?* No assigned reading
- 25-Jan *Definition and measurement of concepts* Textbook, pp. 1-18; Workbook, pp 1-14 (skim)

25 & 27 Jan Lab #1: Introduction to political science and SPSS

30-Jan *Measuring variables* Textbook, pp. 25-29

1-Feb	Describing variables		
	Textbook, pp. 29-43; Workbook, pp. 17-29 (skim))	

1 & 3 Feb Lab #2: Descriptive Statistics

- 6-Feb *Hypothesizing* Textbook, pp. 48-58
- 8-Feb *Comparisons* Textbook, pp. 58-70; Workbook, pp. 39-55 (skim)

8 & 10 Feb Lab #3: Transforming variables

- 13-Feb *Graphic relationships and describing patterns* Textbook, pp. 63-70
- 15-Feb *What we now know* Workbook, pp. 59-74 (skim)
- 15 & 17 Feb Lab #4: Making comparisons
 - 20-Feb <u>First exam</u> No assigned reading
 - 22-Feb *Experimental political science* Textbook, pp. 78-84
- 22 & 24 Feb Lab #5: Putting it together
 - 27-Feb *Causal relationships* Textbook, pp. 84-97
 - 1-Mar Cross-tabular analysis Textbook, pp. 102-112; Workbook, pp. 91-106 (skim)

1 & 3 Mar Lab #6: Making controlled comparisons

- 6-Mar *Comparing means* Textbook pp. 112-118
- 8-Mar *Foundations of statistical inference* Textbook, pp. 123-137
- 8 & 10 Mar LAB CANCELLED

13-Mar – 17-Mar SPRING BREAK

20-Mar	Basic statistical inference
	Textbook, pp. 137-153

22-Mar *Comparing two means and two proportions* Textbook, pp. 156-165; Workbook, pp. 117-126 (skim)

22 & 24 Mar Lab #7: Making inferences about sample means

- 27-Mar *From political science (or other major) to employment* No assigned reading
- 29-Mar *What we now know* No assigned reading

29 & 31 Mar LAB CANCELLED

- 3-Apr <u>Second exam</u> No assigned reading
- 5-Apr *Chi-squared* Textbook, pp. 165-174; Workbook, pp. 131-140 (skim)

7-Apr Lab #8: Chi-squared

- 10-Apr *Foundations of qualitative research* No assigned reading
- 12-Apr *Qualitative Comparisons* No assigned reading

12 & 14 Apr GOOD FRIDAY (NO LAB)

- 17-Apr *Measures of association* Textbook, pp. 173-178
- 19-Apr Correlation Textbook, pp. 183-188; Workbook, pp. 149-158 (skim)

21-Apr Lab #9: Measures of association

24-Apr *Bivariate regression* Textbook, pp. 188-201 26-Apr *Multivariate regression* Textbook, pp. 201-209; Workbook, pp. 158-161 (skim)

28-Apr Lab #10: Regression

- 1-May Social science in the media exercise No assigned reading
- 3-May *Conclusion* No assigned reading
- 10-May Cumulative Final Exam, 11:30am-2:00pm
